

Dear Dear Parents and Carers,

Please use these materials to practice reading real words and pseudo (alien) words. Please get your child to identify the diagraph, triagraph or split diagraph before they try to decode (sound out) and then blend the word. There are around ten weeks until the phonics screening check which will take place in the week commencing **Monday, 8th June 2026**. This gives you enough time to complete the sets if you complete one per week. You may choose to do it differently. Please do what will suit you and your child best. There will be a small prize for every child that completes all ten. Please return the sheet signed to confirm your child has completed all sets to receive the small prize. Please scan these QR codes with any smart device to view
