Let's Celebrate

This week we have enjoyed learning about Bonfire night Guy Fawkes and fireworks. The children loved exploring different techniques for making fireworks and we have some fabulous artwork to display. We spent time learning how classmates spent their half term and practised asking questions to find out more.

This week we will learn about Remembrance Day. We will also explore anti-bullying week. We will be:

- Wearing our Odd Sock's on Monday to understand how we are all special and unique
- Learning about Remembrance Sunday and the meaning of poppies
- Learning our first Phase 3 sounds: j, v, w, x
- Reading a range of stories that explore kindness
- Making friendship necklaces to show kindness to others
- Counting, subitising and representing 4 and 5

Photos

Family members who were in the forces. If you have a family member who is or was in the forces, we would love for you to send in photos. Please email to the admin email address.

Visiting the Opticians

We always encourage parents to take their child for an eye test at this time of year. If you are noticing that your child is struggling to remember some of the sounds we have taught in class or is mentioning things being blurry or fuzzy, it would be worth having their sight checked.

Please continue to develop independence in wearing jumpers and coats:
